

During the Fenton Parish Committee Meeting held on 19th November 2024 it was decided to keep the Fenton Precept for 2025/26 at £1000, the same as previous years. This will cover the cost of running the website, the defibrillator, the annual amount donated for the use of the Church and bank charges etc. It will leave a small amount to be added to the Deposit Account for future projects that are under consideration such as the Traffic Calming System.
